

MYTHICS

EDUCATION SERVICES

“Mythics delivers a consultative approach, operational know-how, and administrative horsepower when it comes to Oracle University training. With Mythics’ expertise, we are successfully maximizing our IT education budget dollars, ensuring our employees get the training they need, and protecting our Oracle investment.”

Ronda Asta

ITSS Training Coordinator
Jacobs Technology

Oracle technology gives enterprise organizations a robust computing solution that offers tremendous technical and business benefits. However, with the licensing of highly-functional enterprise software, organizations must devote significant attention to the training needs of developers, administrators, and end users. Mythics understands the obstacles that organizations face in regards to enterprise IT education – especially when dealing with an architectural cornerstone solution such as Oracle.

The Mythics Advantage

Leveraging a dedicated focus on Oracle products, a comprehensive suite of Oracle-centric services, and a commitment to practical innovation, Mythics gives customers the extra advantage they need to reap a strong return from Oracle investments and the satisfaction that comes with the successful completion of enterprise-critical deployments.

We call it **The Mythics Advantage**.

In practice, The Mythics Advantage governs our daily business processes and enables a better working partnership with Oracle. It delivers everyday innovation and defines our commitment to superior client service. Most importantly, it ensures our client organizations enjoy successful Oracle deployments, stronger business operations, an enhanced bottom line, and better relationships with the citizens, employees, students or consumers they serve.
