## LICENSE AND SUPPORT SERVICES

*"When it comes to Oracle procurement, Mythics gets the job done quickly and efficiently. They offer consultative insight, take on significant administrative responsibilities, and help us stretch precious budget dollars."*

**Jason Cheng**

Deputy Director, Programming  
Bureau of Technology  
Development and Systems  
FDNY

As enterprise organizations select Oracle as an IT architectural cornerstone, they gain a robust computing solution that offers tremendous technical and business benefits. However, navigating the initial and ongoing requirements of enterprise software and support licensing is a daunting task frequently requiring significant time and resources. Mythics, a full-service software consulting firm and Oracle Certified Advantage Partner, knows the challenges that organizations face in regards to enterprise IT procurement.

### The Mythics Advantage

Leveraging a dedicated focus on Oracle technology, a comprehensive suite of Oracle-centric services, and a commitment to practical innovation, Mythics gives customers the extra advantage they need to reap a strong return from Oracle investments and the satisfaction that comes with the successful completion of enterprise-critical deployments.

We call it **The Mythics Advantage**.

In practice, The Mythics Advantage governs our daily business processes and enables a better working partnership with Oracle. It delivers everyday innovation and defines our commitment to superior client service. Most importantly, it ensures our client organizations enjoy successful Oracle deployments, stronger business operations, an enhanced bottom line, and better relationships with the citizens, employees, students or consumers they serve.
